

Heavy Trash Service

Heavy Trash Service is offered three times per year. Dates are announced in the Smoke Signals, or you may contact the office for additional information.

Bring your big items to the trash disposal site during regular hours. A nominal fee will be charged by the attendant on duty depending on type and size of material.

We cannot accept any items containing Freon (i.e. refrigerators, freezers, air conditioners, dehumidifiers), tires, wet paint, batteries, chemicals, fuel cans or liquids.
